

System Requirements

Windows / Macintosh Hybrid CD Version

Windows: Windows 98, NT, 2000, ME, XP, and Vista

Macintosh: Macintosh 8.x through OS X (up to OS 10.4 running Classic. Classic is a version of OS 9 that runs on OS 10. The Quarter Mile will not run on OS 10.5 or Macs with Intel processors.)

Deluxe Version (formerly known as “Internet-Portal”) for Home Users

Windows: Windows 98, NT, 2000, ME, XP, Vista

Macintosh: Macintosh 8.x through OS X (up to OS 10.4 running Classic. Classic is a version of OS 9 that runs on OS 10. The Quarter Mile will not run on OS 10.5 or Macs with Intel processors.)

Internet connection: Dial-up, minimum. While students never need to go to the web, the computer must have access to the Internet. The Quarter Mile automatically saves the student scores to our secure server.

Network Versions for Schools

School network servers can be: Windows 2000
Windows 2003
Macintosh 8.x through OS X

Workstation:

Windows: Windows 98, NT, 2000, ME, XP, Vista

Macintosh: Macintosh 8.x through OS X (up to OS 10.4 running Classic. Classic is a version of OS 9 that runs on OS 10. The Quarter Mile will not run on OS 10.5 or Macs with Intel processors.)

Deluxe Version (formerly known as “Internet-Portal”) for Schools

The Deluxe Version is identical to the network version—having all those great student progress tracking features—except that instead of saving the students' scores to your school server, that data is automatically saved to Barnum Software's web site.

Key benefits:

- Nothing is on the school server
- Free upgrades
- Students can continue working at home if they install it on their computer(s). They can even conduct school-wide tournaments with students competing from their homes and seeing their school-wide ranking updated race after race!

The Deluxe Version is an annual subscription.

Workstation:

Windows: Windows 98, NT, 2000, ME, XP, Vista

Macintosh: Macintosh 8.x through OS X (up to OS 10.4 running Classic)

Internet connection: Dial-up, minimum. While students never need to go to the web, the computer must have access to the Internet. The Quarter Mile automatically saves the student scores to our secure server.
