

The Literacy Center K-1+ Edition

Multisensory literacy solution supports any reading program with engaging instruction and skill practice.

Funding Opportunities:
 *Reading First
 *Early Reading First
 *Title 1
 *IDEA

The Literacy Center Grades K-1+ Edition uses interactive technologies to help students build the foundational skills they need for reading success. The LeapPad® personal learning tool, the LeapDesk™ workstation, and the LeapMat™ learning surface make up the core components of this program. The program delivers explicit instruction and engaging skill practice with fun learning aids and a robust library of interactive LeapPad books.

- Provides instruction in phonemic awareness, phonics, comprehension, vocabulary, and fluency
- Assesses performance and tracks student progress
- Enables teachers to create hands-on technology centers

Includes Link to Lessons

Teachers receive the support they need to access best practices and on-demand activities for The Literacy Center with Link to Lessons. Link to Lessons is a comprehensive online resource providing standards-aligned activities, easy-to-use lesson planning tools, and program implementation support. Access to the program is provided with every edition of The Literacy Center.

Research Shows

In a yearlong independent study of The Literacy Center in Las Vegas, NV, kindergarten students gained 100% on the highly predictive skill of phoneme segmentation fluency, significantly outperforming their control peers. For more information about our efficacy research, visit LeapFrogSchool.com/research

LeapMat™ Learning Surface PreK–Grade 2

Students in PreK–grade 2 are captivated by this innovative platform for teaching key early literacy skills.

The LeapMat learning surface is a versatile, easy-to-use tool that is perfect for small groups and centers.

- Uses sight, touch, and sound to teach letter-name recognition, letter-sound association, and spelling of three-letter words
- Works on a wall, floor, or table, making it ideal for center-based exploration and instruction
- Includes bingo cards, picture cards, manipulatives, and a teacher's manual with activities and daily lesson plans

LeapMat Learning Surface

Includes 1 LeapMat learning surface with teacher's manual, letter cards, picture cards, bingo cards, number cubes, and batteries

LeapDesk™ Workstation v2.0 PreK–Grade 2

Students learn letters and phonemic awareness skills with this multisensory learning tool.

Students can pick up upper- and lowercase letters to feel their shape, press the letters in the desk to hear letter names and sounds, and interact with the teaching cards to learn phonics, phonemic awareness, and decoding skills.

- Delivers instruction in letter recognition, phonics, phonemic awareness, and C-V-C and key sight words
- Provides assessment and progress tracking, with student and class reports
- Motivates students with interactive audio feedback that is immediate and constructive

LeapDesk Workstation v2.0

Includes 1 LeapDesk workstation v2.0 with headphones, AC adapter, and batteries; LeapDesk management tools software and manual; MindStation® connector; and LeapCards including 128 Phonics cards, 26 Alphabet cards (30 in Spanish version), 20 Sight Word cards, 10 Number cards, 26 Phonological Awareness Assessment cards, 40 Student ID cards, and a Time Date card
